

Sheet Material Disposal List

9th January 2025

We have a build-up of mainly marine grade sheet material which we are now looking to dispose of at heavily reduced rates.

- The material is older and has to some extent been damaged / scuffed / split, but the vast majority of each board is in good condition. Boards in a non-usable state have not been included.
- The material is available in bundles as detailed below. We are not offering individual sheets.
- Delivery charges may apply dependant on postcode. The maximum pallet rate is £195 + VAT. Collection from Bristol available.

Bundle 2 – £45 + VAT
